

**NORTHLAND COMMUNICATIONS
LETTER OF AUTHORIZATION**

Dear Customer:

Thank you for choosing Northland Communications (“Northland”) as your phone service provider. You may be able to continue to use your existing telephone number with Northland’s phone service (“Phone Service”). In order to transition your current telephone number to Northland’s Phone Service, Northland, either on its own or through its designated agent, must work with your previous service provider to transfer your number. The transfer process may take more than thirty (30) business days to complete, but is usually completed within one to two weeks. Northland will notify you by email, phone, or letter when your number is successfully transferred. We will notify you if we expect there to be any unusual delays. You may always call us at (____) ____-____ to check on the status of the number transfer or verify that your number has been transferred.

This Letter of Authorization is your authorization to transfer your number and change your service provider to Northland or its designated agent. By filling in all of the below information, and signing and dating this Letter of Authorization, you authorize Northland to transfer your service and telephone number to Northland’s Phone Service. Once your number is transferred, you will be able to use your old number with your new Northland Phone Service.
